REKOR™

LPR SOLUTIONS FOR LAW ENFORCEMENT

SEE MORE WITH REKOR

Leverage advanced license plate and vehicle recognition solutions to help prevent, interrupt and solve crimes in your community.

rekor.ai

LPR IS NOW AFFORDABLE

AI-powered license plate and vehicle recognition allows officers to accelerate investigations and close more cases, faster. Rekor provides highly accurate, flexible, and affordable fixed and mobile solutions to ensure law enforcement agencies receive actionable intelligence that saves time, resources, and ultimately, lives.

- **Real-time alerting of plates and vehicles of interest**
- **Connect to existing IP, traffic and security cameras**
- **Individual and shared hotlist platform**
- **Detect anomalies and unsafe conditions**

SEE BEYOND

THE LICENSE PLATE

Search by vehicle characteristics, detect vehicles without plates, identify direction of travel, and more.
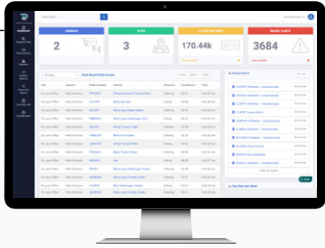

- ✓ COLOR
- ✓ MAKE
- ✓ MODEL
- ✓ STATE OF ORIGIN
- ✓ PLATE
- ✓ BEHAVIOR & MOVEMENT

AGENCIES OF ALL SIZES

By offering customized, affordable subscriptions for both hardware and software, Rekor is able to provide unparalleled solutions backed by a lifetime support guarantee.

Watchman enables accurate automatic license plate and vehicle recognition on nearly any IP, traffic, or security camera. The results are displayed on a web-based dashboard which can be accessed from anywhere. Setup is quick and easy.

- Retrieve plate, color, make/model
- Unlimited users for dashboard
- Connect to NCIC lists
- Unlimited hotlisted plates for alerting
- Flexible data retention
- Share data with neighboring agencies
