Brite Named to CRN's MSP 500 List For 2026

ROCHESTER, N.Y., Monday, February 16, 2026 – Brite announced today that it has been named by [CRN®](#), a brand of [The Channel Company](#), to the Managed Service Provider (MSP) 500 list in the Security MSP 100 category for 2026.

CRN's annual MSP 500 list is a comprehensive guide to the leading MSPs in North America. These companies deliver essential managed services that enhance business efficiency, simplify IT, and optimize return on technology investments for their customers.

The annual MSP 500 list is divided into three sections: the Pioneer 250, which recognizes MSPs focused on the small- and midsize-business market; the Elite 150, recognizing MSPs with a blend of on- and off-premises services for mostly midmarket and enterprise customers; and the Security MSP 100, spotlighting MSPs with cloud-based security services expertise.

The MSP 500 list showcases and celebrates MSPs that are driving growth and innovation. These companies empower businesses with complex technologies so they can achieve their business goals without stretching financial resources.

"The companies on our 2026 MSP 500 list are redefining what exceptional managed services look like — helping organizations of every size stay agile, maximize their IT investments and scale with confidence," said Jennifer Follett, VP of U.S. Content and Executive Editor, CRN, The Channel Company. "These are the innovators who stay ahead of customer needs and deliver transformative services that free businesses to focus on what they do best and accelerate their success."

Jon-Michael Lacek, Chief Technology Officer at Brite, said, "We're proud to once again be named to the MSP 500 list. The fact that this is Brite's 10th time receiving this honor speaks volumes about the high level of managed services that our company continues to offer every year. At Brite, we are always looking for ways that we can build upon and enhance the quality of the managed services and security solutions that we provide to our customers. This recognition is a testament to that ongoing commitment to growth and innovation."
